### CORN PROVING

Continued from page 1  
yield better than last year. The favorite variety is Big Joe, a corn developed at the Everglades Experiment Station especially for the Glades climatic and soil conditions. Some white turban corn is also coming in. Corn as a major crop is just beginning to come into its own in the Glades both as a rotating crop during the season and as dry corn during the summer. Some 10,000 acres of corn are estimated to be almost ready for harvest in the Lake Okechobee Everglades at the present time. Mr. Anderson confidently predicts that it will become increasingly popular as mid-summer cash crop.

Not all of the growers around the lake are selling their crop. He harvested. Many of the large growers are storing their crop, some for the purposes of feeding and others to await a better market. Grower Hans at Six Mile is storing his crop.

The South Bay Grain is the only plant at South Bay processing shell corn at this time. The Wedgworth Plant at Belle Glade and also the E. H. Borchart privately owned plant are also processing corn for the mid-summer market.

### Lions Observe Week Of Appreciation Of Its Membership

In-National Lionism the present week is being observed by its local clubs, as Appreciation Week, for the remembrance of its faithful working members. Belle Glade club chose to honor three of its members, namely, Emmett Roberts, H. V. Draz and John M. Gledhill. The ceremony was in the very capable hands of Judge Jack O. Johnson, who proved in his talk that he had been making visits to the wives of the men whom he was talking about, without their knowledge. He drew a limited fine for these surprising visits. He did a good job at cleaning the history of the family closets, Lion pine as a Deputy District Governor and Past President of the Belle Glade club were presented to Messrs. Roberts and Draz, and to Mr. Gledhill a Certificate of Merit for Lion and City publicity work.

The Boy and Girl committee will be in charge of rounding up some 50 underprivileged and demonstration for the veterans visitors who make the trip to Havana.

**Glades Families Move Unsuspected Burning** Top Of Pike's Peak

Three different cars, loaded down with families, some two weeks ago, left Belle Glade and Pahokee, and each took a different route of travel.

Jack Royals and his family hit for the Carolinas and Virginia and then went to Colorado. The W. P. Rick's traveled to Wisconsin and then into other western states. The Tom Boynton family and Barbara Wedgworth also sought the Colorado territory.

Was there some amazement when by chance the three parties found themselves congregated at the foot of Pike's Peak, outside of Denver? That's what happened, and they all went up the peak on the "elevation" train. Jack found one spot where he did not feel talking, and W. P. stated "that was a miracle." Everyone in the parties were in good health and having a pleasant travel vacation trip. The Royals arrived home on Sunday evening.

**WE ARE BOTH  
INTERESTED IN  
THE SAME THING  
More  
Profitable  
Farming!**

Our real business isn't just selling tractors and implements. What we actually have for sale is more profitable farming... "Less Work, More Income Per Acre."

The only way we can make money is by helping you and other farmers make more. So, when we get together, we're both interested in the same thing.

The better we know you and the better we know your farm, the more likely it is that we can be of some real service to you. So, if we haven't been around to see you lately, we'll try to make it soon. It ought to pay us both to get better acquainted.

And, when you come to town, stop in. We'll be glad to see you.

We are headquarters for Ford Tractors, Deere, Farm Equipment and various Ford Tractor and Deere Implementations. Call us for more information, or come in for a demonstration.

television. On direct ray he claims that he is getting reception from stations in Boston, New York, Birmingham, Buffalo and Oklahoma City. This seems like a fabrication but Mathis has letters from several of these stations setting up the reception of his claim. His reception from Miami is very poor, on account of low voltage power.

Had the privilege of my first visit into the Ransie plant owned in the Pierce settlement. The manager showed me around the plant where I could see the mammoth set of machinery which is used in the washing and drying of the ramie strands, as well as the methods used in bleaching and packaging of the semi-processed product in 300 pound bundles, ready for shipment to the textile manufacturer. The company is adding a new dryer to its present equipment.

Within the past four years the city has purchased two new fire trucks, which were financed on delayed payment. With the payment of the last \$1,900, note, the city now owes no indebtedness on these two fine pieces of fire fighting equipment. Out of supplies garnered by the city, a housing shed is to be erected for the auxiliary truck which the fire department boys build mostly out of salvaged parts. Fire Chief Wigg is much pleased with the equipment situation in his department, as well as the water distribution pressure for fire fighting.

Our National Guard Company wants more members, so that it can make an improved showing the coming year, and thus aid in getting a permanent armory plant of its own. The record of this year is one which may mean and have much bearing on armory obtainance. The unit has made a good record since its mustering. There is pay in it, a good military experience and education, and a once a year camp assignment to Camp Jackson. Guard membership is a subject which should be considered by many young men in the Glades area.

### Burglars Smash Window Of South Bay Store Only To Get Police Chased

The Mitchell-Denton Grocery was entered Friday night by persons who broke the glass in the door to force an entrance.

Ralph Griffin and W. E. Wheeler noticed lights and people moving around in the store and investigated.

Chief of Police C. F. Payne hastened to the scene and prompt arrival prevented the thieves from getting away with a large basket of groceries which they had accumulated. It was found by the step at the side door together with a gallon jar of these crackers. In all approximately \$25.00 worth of meat and groceries had been gathered together. The only item which C. F. Denton found definitely missing was three dozen eggs.

Chief Payne and Deputy Constable Raymond Mock are working on the case.

### Chicken No Substitute For "Porkchops" Says Colored Offender

Judge Jack Johnson handed out a few stiff sentences to police court defendants at the Monday night session, and gave several others under the hide dressing downs for their non-observance of peace requirements.

Luther Gaston, noted as a good worker, but inclined to his hasty temper get away with him when he has drunk in him, and who has been a frequent visitor before the judge, got a \$45.00 fine, for having abused one Margaret Hamilton, a drinking acquaintance. Gaston was the owner of 80 bolito tickets which he gave the woman for safe keeping, and when she refused to return them to him, he assaulted her, resulting in a general fracas about a rear lot.

Roy Boyce could remember that she had been on a big spree, but had no remembrance of using profane language, but admitted she usually cursed when she got "hep" and might have done so on this occasion. The court gave her \$15 and costs to help her remember her frugalities.

Arthur Burke, an aged colored painter, was hired to do some painting work for D. N. Forrest, but after he had secured paint from the Cone Store, he could not resist selling it to obtain food and drink. Arthur humbly and, objectly told the court "that the Devil had tempted him and he had fallen to his allurements, and his own hunger."

Grady Simmons, a frequent visitor before the court, because he can't handle his liquor, and who has spent more time working for the city than he has for himself since Christmas, told the court that he would leave town if released. The court told him he could carry that deal out after he had made good on a \$45.00 fine.

Bob Taylor, sent his wife out to get pork chops for his Sunday dinner, and she brought back a chicken which did not meet his appetite longings. He then proceeded to chastise and

abuse his wife, for which privilege he paid the sum of \$15 and costs. No pork chops.
